The Simpsons Library of Wisdom

Matt Groening, the creator of "The Simpsons," offers an on-going series of portable and quotable books that will eliminate the need for all religions and philosophies, exalt man's role in the universe, and make the world a better place...sort of. No other television show in history has commented so freely and so humorously on modern times, and there seems to be no end in sight for the sharp satire and pointed parody that The Simpsons serves up every night of the week all around the world.
