**D'Apocalypse Now!: The Doomsday Cycle (The Federal Reserve Trilogy) (Volume 3)** Mr. Robert L. Kelly

Christian author, Robert L. Kelly, once again, trumpets the virtual horn of Gabriel in D'Apocalypse™ Now!--The Doomsday Cycle, the third book of "The Federal Reserve Trilogy." In a great and urgent warning to Christians, Jews, Muslims, Hindus and people of all creeds, colors and nations on earth, D'Apocalypse™ Now! provides compelling evidence of economic evil, dark and ominous on the horizon. Mr. Kelly christens it, the firestorm of "D'Apocalypse™." D'Apocalypse™ Now! issues a red alert, worldwide. In blistering clarity, it provides a foreboding warning of a Doomsday Cycle which lies dead ahead. It will be directly caused by the greed and avarice of the banks, the Federal Reserve and the elite, whose actions have been abominable. Called the "D'Apocalypse™," its ubiquitous danger is daunting and potential for devastation, immense. It entails a massive debt and derivatives collapse, which will spare no one who is unprepared. Fortunately, D'Apocalypse™ Now! includes ingenious plans for governments, hedge funds, pension funds and individuals to prosper and help avoid the destruction inevitably heading our way. The charts on the Dow, Gold and Mr. Kelly's model portfolios are astounding and will help you---both before, and after, D'Apocalypse™ strikes. Investors will love seeing two unique \$10,000,000 model portfolios. One is up 14% and the other is up 17%, just six months after D'Apocalypse™ Now! was sent out for publisher's "first proof" printing! D'Apocalypse™ Now! also unveils a great secret. It reveals why the bankers and elite purposely plan the hell storm of D'Apocalypse™. In a callous, heartless, ruthless and remarkable grab for power, they plan to seize control of monetary authority, worldwide---using the unbridled fear of D'Apocalypse™ and \$30 Trillion in heist money to accomplish their mission. The author's meticulous work in the Federal Reserve Trilogy's first two volumes (The \$30 Trillion Heist---Scene Of The Crime? and The \$30 Trillion Heist---Follow The Money!), tell the story of what may be the greatest heist in history. Those books reveal a secret caper where nearly \$30 Trillion was heisted by the banks, the elite and the Federal Reserve, who took the money without the consent, or knowledge, of Congress. In a multi-trillion dollar rapping of America, they used taxpayer-backed money to reimburse the banks' and elites' losses experienced during the credit crisis. Both works read like detective novels and unveil shocking details of the secret and unauthorized actions by the Federal Reserve System and a large number of co-conspirators. The \$30 Trillion Heist asks the grave and important question everyone in Congress is afraid to know the answer to, "Did The Federal Reserve And Its Co-Conspirators Commit Treason Against The United States Of America?" By any measure, Mr. Kelly's evidence is compelling. The activities of the 4 Horsemen of the D'Apocalypse™ (JP Morgan Chase, Citigroup, Bank of America and Goldman Sachs) and their elite owners, will simply send shivers up your spine. D'Apocalypse™ Now! should cause every politician to stand up and take notice---or duck for cover--- because millions of angry citizens will be bearing their scorn in the years ahead. Every banker should head for the hills---YOUR SECRET IS NOW OUT!
