Drugs in Pregnancy and Lactation Gerald Briggs

Put essential information at your fingertips – *before* you prescribe. The updated 11th edition of **Drugs in Pregnancy and Lactation: A Reference Guide to Fetal and Neonatal Risk** lists more than 1,200 commonly prescribed drugs taken during pregnancy and lactation, with detailed monographs that provide the information you need on known or possible effects on the mother, embryo, fetus, and nursing infant. For the 11th edition, this bestselling reference has two new authors, both highly knowledgeable on the effects of drugs on the embryo-fetus and nursing infant: Craig V. Towers, a maternal-fetal medicine specialist, and Alicia B. Forinash, a clinical pharmacologist specialist in obstetrics.

Key Features:

- More than **140 new drugs** included in this edition.
- A-to-Z organization helps you find valuable information quickly.
- Each monograph covers: generic name (in US); risk factors; pharmacologic class; pregnancy and breastfeeding recommendations; pregnancy, fetal risk and breastfeeding summaries; as well as updated references.
- Quarterly updates , available online, keep you at the forefront of the field.

Your book purchase includes a complimentary download of the enhanced eBook for iOS, Android, PC & Mac. Take advantage of these practical features that will improve your eBook experience:

- The ability to download the eBook on multiple devices at one time — providing a seamless reading experience online or offline
- Powerful search tools and smart navigation cross-links that allow you to search within this book, or across your entire library of VitalSource eBooks
- Multiple viewing options that enable you to scale images and text to any size without losing page clarity as well as responsive design
- The ability to highlight text and add notes with one click

From reader reviews:

Nicole Rockwood:

What do you about book? It is not important along? Or just adding material when you need something to explain what you problem? How about your time? Or are you busy man? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Every individual has many questions above. The doctor has to answer that question since just their can do that. It said that about e-book. Book is familiar in each person. Yes, it is suitable. Because start from on jardín de infancia until university need that Drugs in Pregnancy and Lactation to read.

Eric Sanders:

Do you considered one of people who can't read satisfying if the sentence chained in the straightway, hold on guys this kind of aren't like that. This Drugs in Pregnancy and Lactation book is readable simply by you who hate those straight word style. You will find the facts here are arrange for enjoyable reading through experience without leaving even decrease the knowledge that want to supply to you. The writer of Drugs in Pregnancy and Lactation content conveys objective easily to understand by many people. The printed and e-book are not different in the information but it just different in the form of it. So , do you still thinking Drugs in Pregnancy and Lactation is not loveable to be your top listing reading book?

Leah Pelton:

The event that you get from Drugs in Pregnancy and Lactation is a more deep you excavating the information that hide inside words the more you get interested in reading it. It does not mean that this book is hard to know but Drugs in Pregnancy and Lactation giving you buzz feeling of reading. The article writer conveys their point in particular way that can be understood through anyone who read the item because the author of this reserve is well-known enough. This book also makes your vocabulary increase well. That makes it easy to understand then can go along with you, both in printed or e-book style are available. We highly recommend you for having that Drugs in Pregnancy and Lactation instantly.

Hye Elliott:

The reason? Because this Drugs in Pregnancy and Lactation is an unordinary book that the inside of the publication waiting for you to snap that but latter it will zap you with the secret that inside. Reading this book beside it was fantastic author who all write the book in such wonderful way makes the content inside easier to understand, entertaining way but still convey the meaning totally. So , it is good for you because of not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of rewards than the other book possess such as help improving your ability and your critical thinking way. So , still want to hesitate having that book? If I ended up you I will go to the reserve store hurriedly.
