Arabian Nights, in 16 Volumes: Vol. XII

Arabian Nights, in 16 Volumes: Vol. XII

Notorious for the delight he took in tweaking the sexual taboos of the Victorian age-as well as the delight he took in the resulting shock of his bashful peers-British adventurer, linguist, and author CAPTAIN SIR RICHARD FRANCIS BURTON (1821-1890) is perhaps best remembered for his unexpurgated translation of the Eastern classic The One Thousand and One Nights, more famously known today as The Arabian Nights. Originating in Persian, Indian, and Arabic sources as far back as the ninth century AD, this collection of bawdy tales-which Burton was the first to bring to English readers in uncensored form-has exerted incalculable influence on modern literature. It represents one of the earliest examples of a framing story, as young Shahrazad, under threat of execution by the King, postpones her death by regaling him with these wildly entertaining stories over the course of 1,001 nights. The stories themselves feature early instances of sexual humor, satire and parody, murder mystery, horror, and even science fiction. Burton's annotated 16-volume collection, as infamous as it is important, was first published between 1885 and 1888, and remains an entertainingly naughty read. Volume XII-the second volume of Burton's Supplemental Nights-includes: • "Al-Malik Al-Zahir Rukn Al-Din Bibars Al-Bundukdari and the Sixteen Captains of Police" • "Women's Wiles" • "Nur Al-Din Ali of Damascus and the Damsel Sitt Al-Milah" • "The Concubine and the Caliph" • "The Concubine of Al-Maamun" • variants and analogues of some of the tales in vols. XI and XII • and more.
