## **American Society: Toward a Theory of Societal Community (The Yale Cultural Sociology Series)**

Talcott Parsons, Giuseppe Sciortino

Never before published, *American Society* is the product of Talcott Parsons' last major theoretical project. Completed just a few weeks before his death, this is Parsons' promised 'general book on American society'. It offers a systematic presentation and revision of Parson's landmark theoretical positions on modernity and the possibility of objective sociological knowledge. Even after the passage of many years, *American Society* imparts a remarkably provocative interpretation of US society and a creative approach to social theory.
