**How do you...**

- **identify your scholarly project practice problem?**
- **assess and select the relevant literature and studies?**
- **evaluate the outcome?**
- **disseminate the information to ensure better care outcomes?**

Here's your guide to understanding, applying, and coordinating the process of evidence-based practice for your DNP scholarly or capstone project. Step-by-step, you'll learn everything you need to know to successfully complete your project and develop the leadership skills that enhance the DNP's role in practice.

From the theoretical and philosophical foundation of evidence-based practice and collecting and analyzing evidence as the basis for practice through translating the research into solving a practice issue and evaluating the outcome, you'll have all of the tools you need to successfully complete your project and bring about changes in clinical, management, and educational practices.
