Black Mask-ularity: A Framework for Black Masculine Caring (Black Studies and Critical Thinking)

Black Mask-ularity: A Framework for Black Masculine Caring is a collection of research, narratives, essays, and conceptual works to lay the foundation for an important emerging theoretical framework: Black Masculine Caring (BMC). This framework facilitates an understanding of the teaching and leading styles of Black males, and seeks to improve the educational experiences of Black male students. This book is significant in that it builds upon feminist ethic of caring frameworks and takes readers on a journey toward understanding the ethic of caring through a masculine lens. Authors explore the experiences of caring school leaders; Black male students in need of care; Black males as caring fathers; Black males as caring spiritual leaders; and Black males as caring institutional leaders. This book is appropriate for students at both the undergraduate and graduate levels in classes including the foundations of education, the sociology of education, ethics in educational leadership, teacher preparation, Black studies, and scholars seeking a deeper experience in their study of the ethics of caring.
