## **Critical Insights: The Hobbit** Stephen W. Potts

J.R.R. Tolkien's novel was met with international acclaim upon its publication in 1937, given its adventurous plot, elements of high fantasy, and lovable protagonist, Bilbo Baggins. This compilation of essays closely studies the classic staple of children's literature by examining some of its themes-such as maturation and overcoming greed-exploring the world of Middle-earth, and comparing/contrasting the text with its popular sequel, *The Lord of the Rings*. Each essay is 2,500 to 5,000 words in length, and all essays conclude with a list of Works Cited; along with endnotes. Finally, the volume's appendixes offer a section of useful reference resources: About This Volume, Critical Context, Original Introductory Essays, Critical Readings, Original In-Depth Essays, Further Readings, Detailed Bibliography, a Detailed Bio of the Editor, and a General Subject Index.
