Ferrets are playful little animals and make excellent pets for attentive owners. However, they are not recommended as pets for younger children. Here is reliable information on feeding, caging, health care, and more. All titles in Barron's profusely-illustrated *Complete Pet Owner's Manuals* introduce inexperienced and prospective pet owners to the pleasures and duties of pet care. They also make ideal guides for older children having their first experiences as animal caretakers. Attractively illustrated and filled with helpful information, *Barron's Complete Pet Owner's Manuals* advise on purchasing, housing, feeding, health care--and where applicable, grooming and training pets. Each book is individually written by an expert--a trainer, breeder, veterinarian, or other animal specialist. These manuals cover every popular dog and cat breed, as well as bird varieties, hamsters and other small caged animals, fish varieties for aquarium hobbyists, terrarium pets, and even exotics, such as reptiles, amphibians, and scorpions. All books have 70 or more color photos, and most also have instructive line illustrations.
