Why use Origins Tutoring gifted and talented test preparation books?

Our goal is to provide you with the very best test prep materials, and the best value for your money. We created our test prep material because, as a tutoring company, we could not find enough good practice material to effectively prepare our students for gifted and talented tests. As tutors, we have used various test prep books and have found that they either have an incorrect difficulty level or are extremely expensive. After studying original materials from test creators and testing them on children in our tutoring practice, we are confident our materials and tests reflect the real OLSAT® both in difficulty and in structure.

Other books available Please check out our NNAT-2 Prep Guide and Workbook (ISBN 9780997768008). The color workbook contains practice questions from the Naglieri NonVerbal Ability Test, which is also used by schools to identify gifted children.
