## **The Woods** Robert Paladin

Simply yet powerfully written, *The Woods* is a timeless story of the unique life of a small town boy. Coming of age, he goes through much of the same angst that most of us do. During his sophomore year of high school he meets that special girl and together they fall headlong and madly into love. Then in an unguarded moment, he makes an ill-fated choice that lands him on a path that threatens to tear them apart. *The Woods* is a tribute to young true love. Unbreakable at first, it can become as fragile as a flower made of glass. At the same time, it is a cautionary tale, a warning to all who might think that its cool to poke a sharp stick at the Big Mean Dog. A must-read for anyone who thinks they know anything about the use and abuse of drugs and alcohol. Read it if you're not afraid of the truth. A significant portion of the profits from this book are donated to local substance rehab and detention centers and for education concerning the dangers of substance use and abuse.
