## **Bailliere's Study Skills for Nurses, 2e**

Whether the reader is a first time student or returning to study, pre- and post-registration nursing can seem very daunting. This book helps students get the most from studying and shows how to become a successful learner. The text concentrates on practical skills, providing activities, reflection points, case studies and annotations for further reading to drive home key concepts. The bulk of the book is comprised of three sections: fundamental study skills, writing and researching, and preparing assignments. There are also a number of useful appendices including a simple guide to reference and citation systems.
