Fresh Expressions of Church are one of the most important developments within the contemporary church. There has been – and continues to be – much learning about how to plant Fresh Expressions of church in contemporary culture and about theological resources to support this. Church for Every Context is the first textbook that reflects this learning.

Church for Every Context addresses the theology and methodology of Fresh Expressions/church planting. Topics include ecclesiology, Fresh Expressions in the New Testament, social forces behind Fresh Expressions today, theologies to underpin fresh expressions, how fresh expressions develop, the missional dynamics involved, discipleship, worship and how Fresh Expressions can be sustained and supported.
