In this book I introduce with my own interpretation and insights, two rare radio talks and three lectures from Neville Goddard whom I believe to be one of the greatest teachers on spiritual and mystic matters. A true genius in the realm of reality creation and manifesting. Each chapter is preceded with my introduction and advice on the material that is then presented by Neville. He taught with such authority as he had experienced the truth of his own teachings, he believed in them as he had lived them. I have also experienced the truth of his teachings and it is my desire that you do too. This is the reason behind the creation of this book. This book contains spiritual truths. I believe everyone deserves to know these truths, to experience this power the power to create your very own heaven on earth. I spent numerous months selecting from the hundreds of Neville's lectures and talks, the five that I believe will truly change your life and also help you to become the master of your fate. If I can do it you can do it to. Neville Goddard's teachings changed my life. I have gone from working in a job I hated, to working for myself from my home on my own terms doing something that I love. I have transformed my relationships. I have gone from living paycheck to paycheck to always having more than enough. I have traveled to most parts of the World. I have gone from depression and anxiety to happiness and peace. You can do this too. The teachings in this book are profound and if you read with an open mind and actually apply the teachings to every area in your daily life you will change your World. This isn't about a quick fix or to put a patch on circumstances you don't want or like. It's a lifestyle, it's a way of life and if you live by these teachings and I mean really live them you will experience these truths. You will experience God in You. You will create your very own Heaven on Earth. Enjoy the journey, be excited. I wish you every success in the World.
