The British Aestheticians Guide to Waxing the Lady Garden Claire Barnes

This is a follow up book from my first book "The British Aestheticians Guide to Waxing The Twigs and Berries". This book is not written in the regular text book method, but is written in a lighthearted way, with an underlying professional twist. It is a fun, down to earth non-fiction professional manual for licensed individuals within the beauty industry or for beauty/cosmetologist students who are interested in the wonderful world of female Brazilian waxing, salon etiquette, sales and how to increase your tip jar! You will also learn some tips on how to get your clients coming back for more . . . so they keep returning back to you! It is a practical yet lighthearted approach to Brazilian waxing on females, but the information spoken about can also be taken to other parts of the body, as the knowledge, application and removal of wax can be used anywhere on the body. Learn about a great take home item for your client to help her with preventing ingrown hairs! The book contains real life stories from experts in the industry as we all have a story to tell! Mistakes can happen as none of us are perfect!
