Serial killer... The two most dreaded words in any city. The citizens of New Hampton would never be the same. Someone who thrives on the smell of death is in our midst. Fear grips the city. Who would be the next victim? A perfect family...a perfect career...a perfect lie. Detective Montana Barone's life could have been compared to what we now think of as a 1950's sitcom. The truth his mother withheld when he was young was not meant to harm, but to protect her son. No one would have ever suspected that this deceptive act, even though she had good intentions, would in time create such horror and result in so many bizarre deaths. Looking into a person's past usually makes us more capable of understanding the reasons behind certain actions, both good and evil. In this spectacular novel, the legacy that unfolds before your very eyes is not exactly as it appears. What seemed to be the right thing to do at the time, comes back to haunt everyone involved. Unknown to him, Detective Montana Barone has lived his entire life engulfed in a lie. A lie that would take him to the very core of grief. Unbelieving at first, Montana sets out to find the answers. The more involved he became, the more he uncovered only bits and pieces...or should we say, "Traces of Truth..."
