The Human Body (The Wonders Inside) Jan Stradling

The body is fascinating for young readers, but also confusing. Where exactly is the liver? What do the lungs do? What's the difference between the upper colon and the lower colon? *The Wonders Inside: The Human Body* answers all these questions and more in a way that entertains inquisitive young minds. The book features special see-through, layer-by-layer views of the body's organs and systems. Dramatic 3-D sections and cutaways show the body from unique angles and provide additional views of its inner workings. Clear text, a glossary, list of facts increase the book's usefulness.
