A Concise Oxford Dictionary of Mathematics (Oxford Paperback Reference)

Christopher Clapham

A Concise Oxford Dictionary of Mathematics (Oxford Paperback Reference) Christopher Clapham

This is a reference book for students of mathematics which gives definitions and clear explanations of all the terms they are likely to meet. It covers the concepts and terminology of all topics that feature in the A-level syllabus, the first year of degree level courses and teacher training courses. The book also includes entries which are concerned with important mathematics of more general interest, and short biographical sketches of the great mathematicians.
