The war between Good and Evil has raged since before Time began. Now it's ultimate power versus ultimate savagery. With ferocious fangs, flesh-ripping claws and a feral hunger to destroy anything in their path, werewolves are one of the most feared monsters on the planet. Stepping in to stop their quest for blood are the metahumans, men and women with powerful abilities that set them apart from the rest of humanity. Some wear costumes as symbols of hope, others operate discreetly, using their special abilities for good. Put these two groups of people together and you have a clash between light and darkness that is sure to rock the foundation of the world and bring about an epic battle unlike anything seen before. Featuring familiar heroes like Axiom-man, Midnight Angel, Nightcat, The Wraith, The Cowl and others, these eleven stories of super-powered heroism and terror are a thrilling ride through the worlds of wolf and superhero, and to a place where only one can remain standing. Contains stories by Frank Dirscherl, Lorne Dixon, A.P. Fuchs, Anthony Giangregorio, Keith Gouveia, Jon Klement, J.L. MacDonald, Gina Ranalli, Jim Robb, Stephen Semones and Scott Story. Other anthologies in the "Metahumans vs" series: Metahumans vs the Undead.
