What Lies In Wait James H Duncan

In the tradition of Ray Bradbury and Stephen King, these stories explore the unexpected and strange, the whimsical and nostalgic, the eerie and gruesome, sixteen tales of lives forever changed by simple choices, small mistakes, and aching dreams, ordinary people unaware they are crossing the point of no return, leaving the common world for a realm of the unknown. In one, an abused housewife speaks to the dead, but fears the things they tell her to do. In another, two quarreling travelers discover an abandoned car in the middle of a blizzard, and they sense someone watching them from the woods. From eerie ghost stories to lighthearted literary tales, these stories explore the entire spectrum of what happens when we confront ... what lies in wait. "I just can't recommend strongly enough James H Duncan's new collection of stories, each infused with a human quality that makes even those that deal in the fantastic resonate with humor, pathos, and emotional maturity." — Philip Athans, bestselling author of *Annihilation*
