Algebra for First Graders

Greg Sherman, Homeschool Brew

Algebra for First Graders Greg Sherman, Homeschool Brew

If your child is struggling with math, then this book is for you; the short book, covers the topic and also contains 30 practice problems to work with. This subject comes from the book “Fifth Grade Math (For Home School or Extra Practice)””; it more thoroughly covers more fifth grade topics to help your child get a better understanding of fifth grade math. If you purchased that book, or plan to purchase that book, do not purchase this, as the problems are the same. Certain elements of this eBook require you to fill in blanks; this is obviously not possible in an eReader environment; it is recommended that you use a blank sheet of paper as you work through this book with your child.
