**The Value Dimension (Routledge Revivals): Marx versus Ricardo and Sraffa** Ben Fine

The essays in this edited collection, first published in 1986, focus on important debates surrounding the central Marxian problem of the transformation of values into prices. The collection brings together major contributions on the value theory debate from the decade prior to the book's publication, and assesses the debate's significance for wider issues. Value theory emerges as much more than a technical relation between labour time and prices, and the structure of the capitalist economy is scrutinised. This is a relevant and comprehensive work, valuable to students, academics and professionals with an interest in political and Marxist economy.

The book was written by the very famous author. Tom makes some research just before write this book. This kind of book very easy to read you can obtain the point easily after perusing this book.

#### **Daniel Colon:**

Is it you who having spare time subsequently spend it whole day by simply watching television programs or just resting on the bed? Do you need something totally new? This The Value Dimension (Routledge Revivals): Marx versus Ricardo and Sraffa can be the solution, oh how comes? A book you know. You are consequently out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these textbooks have than the others?

#### **Randy Jones:**

As a scholar exactly feel bored for you to reading. If their teacher expected them to go to the library or make summary for some book, they are complained. Just little students that has reading's internal or real their pastime. They just do what the teacher want, like asked to the library. They go to there but nothing reading really. Any students feel that reading is not important, boring as well as can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this The Value Dimension (Routledge Revivals): Marx versus Ricardo and Sraffa can make you feel more interested to read.
