Translating Shakespeare, A Guidebook for Young Actors David Montee

For actors both young and old, the prospect of preparing to perform a Shakespearean role can be intimidating...even terrifying! "Translating Shakespeare" seeks to make the actor's preparatory work on the Bard's plays both stimulating and fun by de-mystifying the experience. It offers step-by-step explanations of the fundamental processes involved in creative preparation: comparing edited texts, analyzing verse rhythms, identifying antitheses, and most importantly, helping the actor to find his or her own personal key to unlock the plays' contexts and circumstances in inspiring way. Offering many specific examples from the plays in each chapter to illustrate the topics covered, the book concludes with detailed approaches to six Shakespearean scenes, applying all of the work covered in earlier chapters to a practical rehearsal approach.
