## **Handbook of Research on Study Abroad Programs and Outbound Mobility (Advances in Higher Education and Professional Development)** Donna M. Velliaris

Millions of students seek short- and long-term study abroad options every year, and this trend is a key illustration of the internationalization of higher education. Because a global perspective has become mandatory in the largely globalized workforce, many institutions look to study abroad programs to prepare their students. This outbound mobility has the potential to contribute to greater understanding between cultures, countries, and individuals.

The **Handbook of Research on Study Abroad Programs and Outbound Mobility** offers a comprehensive look into motivations for and opportunities through all forms of outbound mobility programs. By providing empirically-based research, this publication establishes the benefits, difficulties, and rewards of building a framework to support international students and programs. It is an invaluable resource for academics, students, policy makers, course developers, counselors, and cross-cultural student advisors.
