Little Polar Bears

Little Polar Bears

October in Canada's Wapusk National Park: a female bear digs a den deep into the snow, a safe haven where she can give birth to her cubs. The tiny white bears emerge from the cozy fastness of the cave in February and make the journey with their mother to hunting grounds on Hudson Bay. Internationally renowned photographer Thorsten Milse captures the baby polar bears' first steps and play-filled days in enchanting pictures that delight and move us.
