This book is a comprehensive study and review tool for preparing for the ANP Certification Examination. For each area on the exam, the review book contains bullets of key information, enhanced by illustrations and tables to further explain concepts and highlight pertinent data. Multiple choice questions follow each section of the review book. Answers for all these questions, complete with rationales, are given in the back of the book. A comprehensive bibliography divided by subject area is included to facilitate further review of specific topics. A separate chapter on test-taking strategies and tips for studying is also provided.
