REVEL for Psychological Science Modeling Scientific Literacy -- Access Card (2nd Edition) Mark Krause, Daniel Corts

REVEL™ for *Psychological Science: Modeling Scientific Literacy* helps students view psychology as a practical, modern science—and gives them the tools to better understand our world. Throughout the second edition, authors Mark Krause and Daniel Corts continue to emphasize scientific literacy: the ability not only to define scientific terminology, but also to understand how it functions, to evaluate it critically, and to apply it to personal and societal matters. In addition to helping students master key course objectives, learning how to think scientifically will enable students to categorize the overwhelming amount of information they encounter, as well as ignite their interest in psychological science.

REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL offers an immersive learning experience designed for the way today's students read, think, and learn. Enlivening course content with media interactives and assessments, REVEL empowers educators to increase engagement with the course, and to better connect with students.

NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL.
