## **Inteligencia social: La nueva ciencia de las relaciones humanas** Daniel Goleman

Inteligencia social es la continuacion del fenomeno editorial que revoluciono el concepto de inteligencia en el mundo entero. En este nuevo libro, Daniel Goleman abre el telon a una ciencia emergente que descubre sorprendentes percepciones de nuestro mundo interpersonal. Goleman explica como estamos disenados y fabricados para relacionarnos. La neurociencia ha descubierto que el diseno mismo de nuestro cerebro lo hace sociable, inexorablemente atraido a un intimo enlace cerebro a cerebro cada vez que nos relacionamos con otra persona. Ese puente nervioso nos permite hacer impacto en la mente y, por ende, en el cuerpo de cualquier persona con la que interactuamos. Pretendo que este libro sea un companero de La inteligencia emocional, que explore el terreno mismo de la vida humana desde un punto de vista privilegiado, que permita una comprension mas amplia de nuestro mundo personal.
