Chante's Song Donneil D. Jackson

Chante Chambers is a self-proclaimed princess. She has it all: looks, a body women would pay for, a great career, all the material items a girl could want plus some...all of this maintained by her ex, Jason. Whatever mama wants, Jason makes sure mama gets. The one task he failed at was being faithful. With a toss of a Gucci pump Jason was history. Or so she thought.

In a pursuit for love, happiness, and monogamy sometimes mistaken for sex, Chante encounters an array of men, whom if you took the best traits from them all and combined them, it still didn't create the perfect man. Just as Chante was ready to admit defeat in her quest for love, settle for a battery-operated appliance, and give in to the bottle of brown juice in walks a caramel Adonis.

Chante's new found love has the potential of being a lifelong love affair. Yet a lunch hour spent in between the sheets with a certain ex complicates things, as thoughts of starting their love anew begin running through her mind. What's a girl to do when she's torn between two lovers? Does she grab her panties off the floor and vow to never drop them again? Or does she go back for seconds?
